YOKOGAWA 

The Yokogawa Brand

Corporate brand (trademark)

The corporate symbol reflects our values and ideals. It symbolizes that we are a dynamic, yet balanced corporation that provides real value.

The image is inspired by the sun, which is the main source of energy for all life on earth, and is an affirmation of Yokogawa's commitment to benefit humankind through the development of the industrial sector.

Our Vision and Brand

Corporate brand slogan

Co-innovating tomorrow®

"Co-innovating" conveys our determination to keep co-creating new value by producing solutions in long-term partnerships with our clients.

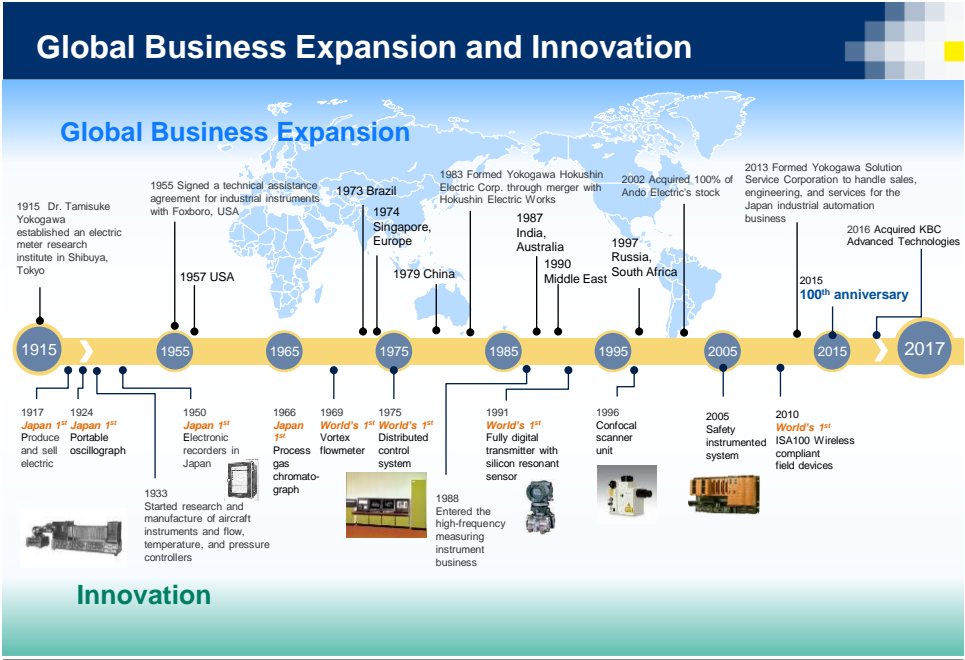

"tomorrow" expresses our resolve to move steadily into the future one step at a time.

Vision statement

**Through "Process Co-Innovation,"
Yokogawa creates new value
with our clients for a brighter future.**

The vision statement charts our course to the future. It is a promise to our clients, markets, and society – and also to ourselves.

By engaging in process co-innovation with its clients and society as a whole, Yokogawa creates value for a brighter tomorrow.
