

JOIN KIVI

Expand your network
Exchange knowledge
Develop you career

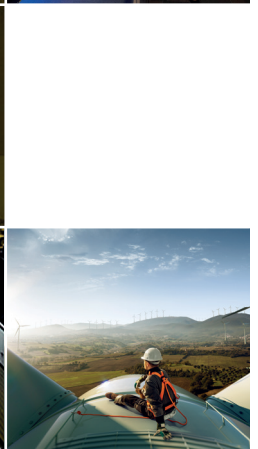

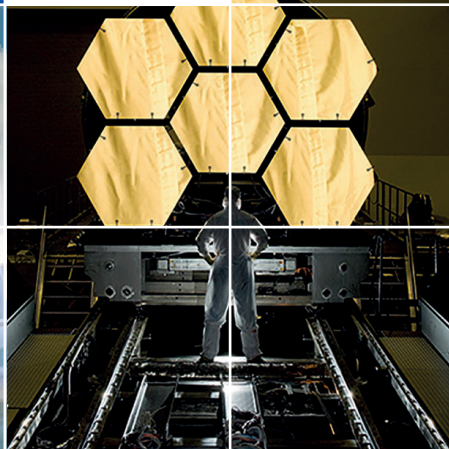

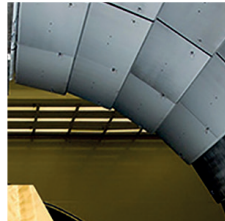

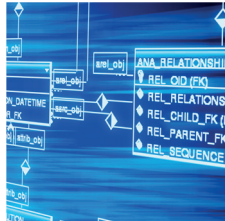

The Royal Netherlands Society of Engineers (KIVI) is the professional association of engineers. We are very proud to be the largest engineering network in the Netherlands and have an inexhaustible interest in technology. Just like you. We are committed to (future) engineers and offer an international network, focus on sharing knowledge and the professional development of engineers. Besides supporting engineers in their professional practice, we make engineering work more visible and connect engineers with society.
